

## Explorer 2018

*Pure Rock Style and Sound*

The new Gibson Explorer embodies the trail-blazing characteristics of the Explorers originally introduced in 1958, which made these rare and desirable guitars so far ahead of their time. Featuring a solid mahogany body and set-in mahogany neck with fast, comfortable Slim Taper profiles and torrefied Granadillo fingerboard. BurstBucker humbucking pickups and the classic Gibson hardware combine for superb tone and sustain.
