

Les Paul Traditional 2018

Mythical Les Paul

The Les Paul guitar that established the legend, with the power, look, and feel of the world's most desirable dual-humbucker electric guitar. The Les Paul Traditional retains the archetypal feel of the vintage Les Paul guitars in its rounded neck profile, solid rosewood fingerboard and non-weight relieved body. Traditional looks are complemented by the legendary tonewood combination of a mahogany body and AA figured maple top, vintage style tuners and ABR bridge and nickel-plated hardware. Classic PAF tones are enhanced by hand-wired electronics including Orange Drop capacitors.
